

September 2022

# REPORT

---

## **SVITLANA DENYSENKO**

Director of KSE Foundation

**In September, the KSE Foundation held a large-scale international event in New York, initiated a new charitable project for Ukrainian schoolchildren, and continued to rebuild the Makariv dispensary destroyed by the war.**

On September 17, our foundation held charity event at the Harvard Club of New York. The central part of it was devoted to discussing the problems that arose in Ukraine and the world due to the Russian invasion. The experts discussed the topics of global security, the energy crisis, and the economic future of Ukraine.

After that, a charity auction and dinner took place, thanks to which the sum of \$1,140,000 was collected. The funds will be distributed between charitable organizations throughout Ukraine and the Kyiv School of Economics

This month KSE Foundation launched a charity campaign called "Safe Education." The project was created to protect children studying in frontline areas. Our foundation has started fundraising with a goal of \$1,000,000 to equip 100 schools with modern and safe shelters. We have also made significant progress in the restoration of the Makarov dispensary. The project's general contractor, RBT Group, has already finished the foundation of the building and is erecting the walls.

**The KSE Group team is grateful to everyone participating in our charity projects.**

**Together - we are a force!**
